## NBT Bancorp Inc. Announces First Quarter Net Income of \$39.8 Million (\$0.91 Per Diluted Common Share); Approves Dividend

April 26, 2021
NORWICH, N.Y., April 26, 2021 (GLOBE NEWSWIRE) -- NBT Bancorp Inc. ("NBT" or the "Company") (NASDAQ: NBTB) reported net income and diluted earnings per share for the three months ended March 31, 2021.

Net income for the three months ended March 31, 2021 was $\$ 39.8$ million, or $\$ 0.91$ per diluted common share. Net income increased $\$ 5.7$ million from the previous quarter primarily due to lower provision for loan losses and branch optimization charges recognized in the previous quarter. Net income increased $\$ 29.5$ million from the first quarter of 2020 due to the adoption of the Current Expected Credit Losses ("CECL") accounting methodology, including the estimated impact of the COVID-19 pandemic on expected credit losses, which resulted in first quarter 2020 provision for loan losses of $\$ 29.6$ million.

Pre-provision net revenue ("PPNR") ${ }^{1}$ for the first quarter of 2021 was $\$ 47.5$ million compared to $\$ 48.2$ million in the previous quarter and $\$ 44.9$ million in the first quarter of 2020.

## CEO Comments

"The results for the first quarter of 2021 demonstrate the resiliency of our banking platform. We drove commercial loan growth and experienced increased levels of consumer activity. Our mortgage pipeline is strong, and our indirect auto business exceeded production targets," said NBT President and CEO John H. Watt, Jr. "We are optimistic about the prospects for the rest of the year driven by pent up demand and a snap back in many sectors of the economy that we anticipate will occur as the markets we serve continue to open up. Sustained levels of excellent credit quality allow for plenty of optionality in the deployment of capital which will drive growth. Record Assets Under Management and Administration in our wealth management business exceeded $\$ 9$ billion. Finally, we leaned heavily into the Paycheck Protection Program in the latest round of funding to support the Main Street businesses and non-profits that are the backbone of the communities we serve."

- Earning asset yields for the three months ended March 31, 2021 were down 8 bps from the prior quarter and down 69 bps from the same quarter in the prior year. ("ABG") contributing $\$ 1.7$ million in revenues during the first quarter of 2021 and $\$ 1.5$ million during the fourth quarter of 2020.

## Noninterest Expense

- Total noninterest expense for the first quarter of 2021 was down $9.7 \%$ from the previous quarter and down $4.2 \%$ from the first quarter of 2020, primarily due to $\$ 4.1$ million in branch optimization costs incurred during the fourth quarter of 2020.
- Salaries and benefits increased from the prior quarter due to seasonally higher payroll taxes and stock-based compensation expenses and increased from the first quarter of 2020 driven by the addition of ABG's salaries and benefits.

- Professional fees and outside services decreased from the prior quarter due to timing of initiatives.
